Jaemin Jeon, Suwan Yu, **Sangam Lee**, Sang Cheol Kim, Hye-Yeong Jo, Inuk Jung, Kwangsoo Kim  
Bioinformatics, 2025

### Why These Documents? Explainable Generative Retrieval with Hierarchical Category Paths

**Sangam Lee**, Ryang Heo, SeongKu Kang, Susik Yoon, Jinyoung Yeo, Dongha Lee  
arXiv, 2024

### Small language models are equation reasoners

Bumjun Kim, Kunha Lee, Juyeon Kim, **Sangam Lee**  
arXiv, 2024

## WORK EXPERIENCE

---

<b>Education Mentor, Grepp, Inc.</b> <ul style="list-style-type: none"><li>• Programmers 5th AI dev-course mentor</li><li>• Answered students' questions about the class, and managed and checked the github repository for assignment submissions.</li></ul>	Mar. 2023
<b>Project Intern, Wonderful Platform, Inc.</b> <ul style="list-style-type: none"><li>• Participated as an intern in the project "AI Convergence Public Safety and Rapid Response Support Project"</li><li>• A project aimed at building a process that can automatically identify</li></ul>	Jul. 2022 – Sep. 2022

- missing persons in CCTV images based on object detection models such as YoloV5
- Build model training datasets and manage data ingestion processes and database

## EXTRACURRICULAR ACTIVITY

---

**Member & Committee, Student Association Club BOAZ** Jul. 2023 – Jul. 2024

- 21th member & committee of BOAZ, a big data alliance club, performing data analytics and data engineering-related activities

**Member, Student Association Club BITAmin** Feb. 2022 – Feb. 2023

- 9th member of BITAmin, a big data alliance club, performing data analytics-related activities
- Develop BSINSA,, NLP Recommendation System Based Fashion E-Commerce Platform Demo built with Pytorch, Huggingface, React, Express, FastAPI
- Teach club members about git and github

**Student Representative, SEOULTECH** Dec. 2020 – Nov. 2021

- The 10th President of the Global Technology management major of Business Administration, Seoul National University of Science and Technology (SEOULTECH)

## AWARDS AND HONORS
